SaltStick Caps, Electrolyte Replacement Capsules (100ct)

Product Description:

SaltStick Caps have been formulated to provide electrolytes to help minimize heat stress and muscle cramping due to perspiration, in a quantity and form which your body can absorb. This product is ideal for athletes, outdoor workers or for use in hot conditions. Two SaltStick Caps in an hour equate to 430 mg sodium, 126 mg potassium, 44 mg calcium, and 22 mg magnesium per hour, which is the ideal ratio to keep you moving.

- The ONLY electrolyte capsule that was formulated to closely resemble the electrolyte profile lost during activity: sodium, potassium, calcium and magnesium.
- Contains only WHAT YOU NEED: No herbal, trace, questionable components added. Gluten free. No soy or nuts. No sweeteners, and no high fructose corn syrup.
- Vegetable-based capsule composition. Bio-available active ingredients.
- Each capsule contains: 215 mg sodium, 63 mg potassium, 22 mg calcium, 11 mg magnesium. 100 IU Vitamin D to help the body absorb and utilize calcium.
- Suggested use: 1 capsule per 30-60 minutes during activity.
- Also great for effective rehydration during international travel, hiking, and effects of alcohol and unfamiliar foods
- Also helpful for electrolyte supplementation for CF, POTS and Addison's disease.
- Sold in bottles of 100 capsules.
- **MSRP \$21.95 | MAP \$21.95.** We routinely enforce our MAP Policy to ensure SaltStick resellers receive their expected profit margin. For more information, please see our [MAP Policy Download](#).

SaltStick FASTCHEWS, Electrolyte Replacement Chewable Tablets (10ct)

Product Description:

FASTCHEWS feature a scientifically-derived, proprietary high-performance formulation that provides a balanced supply of bioavailable sodium, potassium, magnesium, and calcium. Sodium is derived from sodium citrate, a proven source that has the added benefit of soothing the stomach. The formulation mirrors the electrolyte profile lost in sweat, in a form and quantity the body can absorb. Its non-GMO ingredients are all natural, gluten-free, vegetarian, and without artificial sweeteners or colors. Rapid absorption takes place by mouth (buccal mucosa, and then the stomach). Ease of access is assured in a convenient moisture-resistant zip-lock packet format.

- FASTCHEWS Help Reduce Muscle Cramping, Reduce Heat Stress, Boost Stamina, Maintain Electrolyte Levels.
- The ONLY chewable tablet that is formulated to closely resemble the electrolyte profile lost in sweat.
- Suggested use: 2 tablets per 15-30 minutes during activity
- Fast absorption through buccal mucosa (tissue in mouth).
- Each serving (2 tablets) contains: 100 mg sodium, 30 mg potassium, 10 mg calcium, 6 mg magnesium.
- Tart Orange and Zesty Lemon-Lime natural flavors encourage consumption.
- Bio-available active ingredients. Made in USA under cGMP (current Good Manufacturing Practice).
- Ingredients are: non-GMO, gluten-free, vegetarian, fat-free.
- Natural stevia as sweetener. No color added.
- Also great for youth sports, travel rehydration, tennis and other sports, camping & hiking, effects of alcohol.
- 10 tablets per packet. 12 rolls per tray. 144 trays per box.
- Single Packet **MSRP \$2.99 | MAP \$2.99**
- Tray of 12 **MSRP \$34.95 | MAP \$34.95**. We routinely enforce our MAP Policy to ensure SaltStick resellers receive their expected profit margin. For more information, please see our [MAP Policy Download](#).

SaltStick Dispenser for Capsules

Product Description:

SaltStick Dispensers are designed to hide discreetly inside most mountain or triathlon style handlebars to deliver salt capsules or other supplements as needed during your ride. Includes a unique GRIP clip and strap and allows for mounting on hydration, race belts, or externally on bikes. Simply turn the front knob with one hand and out pops a capsule! Holds 6 size "0" or "00" capsules. Using SaltStick Caps at 1 to 2 per hour, a fully loaded SaltStick Dispenser will last 3-6 hrs. This unique, patented design is water resistant and will keep your capsules dry and prevents them from bouncing around during activity. SaltStick Dispensers are lightweight (Only 17g or 1/2 oz.) and made of food-grade plastic. Each package includes an extra color-coded nozzle for multiple supplement dispensing. SaltStick Dispensers have been used by top pros at Ironman Kona since 2005 and comply with USA Triathlon regulations.

- Saltstick Dispensers work with tri bars, mountain bike bars, running belts, ski poles and more.
- Holds 6 size "0" or "00" capsules and dispenses capsules with the single-handed turn of a knob.
- This unique, patented design is water resistant and will keep your capsules dry and prevent them from bouncing around during activity.
- Used by top pros at Ironman Kona since 2005 and complies with USA Triathlon regulations.
- Use SaltStick Caps in your SaltStick Dispenser to reduce heat stress, reduce muscle cramping, and maintain electrolyte levels.
- **MSRP \$23.95 | MAP \$23.95.** We routinely enforce our MAP Policy to ensure SaltStick resellers receive their expected profit margin. For more information, please see our [MAP Policy Download](#).
